

to whom it concern, I think it is bullshit to take a amendment away from all of us. Soon we will not have any freedom, no rights, and no choices on way we want to live or lives. Do we live in USA or Russia? I like having choices on if I want to listen to music (rap) with langauge or comedy channel that is not cut up, or knowing what the wheather is like when I am traveling, which I spend 350 days a year driving. I work in my vehicle and it is a pleasure to enjoy XM all day long. SO WHAT IM SAYING IS I WANT MY FREEDOM, THAT IS ALL, JUST MY FREEDOM.....CHRIS LAMBERT
